

DIVYA DHARSHINI R

STUDENT

I am an enthusiastic, hard working person and self-motivated too. I have some knowledge and more interest in mobile app development and problem solving. That's why I have chosen computer science engineering as my career. And I have a hope that I will be get placed in good company.

PROJECT

ENGLISH LEARNING APP

Stack used: Flutter, Firebase

- An app designed to teach English, from basic to advanced concepts, provides users with a structured and comprehensive learning path. This ensures that learners can gradually build their language skills, starting from the fundamentals and progressing to more advanced topics, enhancing their overall proficiency in English.
- Users can access their profiles on the app and monitor their progress in their learning journey.

RESTAURANT MANAGEMENT SYSTEM

Stack used: Flutter, Firebase

- An app is designed to search for a restaurant, to place order and to book tables.
- A user will login the app, then search a restaurant according to their location, depending upon their need they can be able order foods and book tables by using the app.
- This app will track the foods ordered by the customer until its reached by Google Map API integration.
- Allow users to leave their reviews and ratings.

AREA OF INTEREST

- Mobile App Development
- Programming in Java
- Full Stack

CERTIFICATIONS

- Flutter Development Bootcamp with Dart-Udemy
- Programming in Java-NPTEL
- Java(Basic)-HackerRank
- Programming in Java-MyCaptain
- Front End Development(CSS)-Great Learning
- Front End Development(HTML)-Great Learning
- Structured Query Language(SQL)-StudySection
